Product Description

LB-E16 Elliptical Spacewalk Fitness Equipment Business Gym Studio Silent Large

LB-E16 elliptical machine, with full bearing design at the motion angle, combined with multi link design to reduce friction, and more stable force and inertia; The movement process is smooth and smooth. A handheld heart rate sensor that monitors heart rate in real-time to improve exercise quality and effectiveness. The stride simulates the natural movement path of the human body, and scientifically customized stride knee pads can also modify leg shape.
