Product Description

CMD-E16 Horizontal Magnetic Control Vehicle
Horizontal Fitness Dynamic Cycling Professional Gym Commercial Aerobic Sports Intelligent Silent Magnetic Control Bicycle, Comfort and Performance Coexist
To add a guarantee to health and create a happy family relationship. Bringing you a comfortable exercise rhythm, suitable for silent indoor aerobic fitness. Comfortable seat cushion with thoughtful backrest and ergonomic design. The soft large area cushion provides no pressure during prolonged cycling, and the comfortable backrest movement does not cause back fatigue. Surrounding anti slip handle, using high-quality steel structure baking paint technology, stable and sturdy without shaking, providing a comfortable and safe riding experience. Hand held heart rate monitoring, the heart rate sensing handle will directly display your heart rate information through the LCD display, allowing you to check the exercise effect at any time. Multi functional electronic dial, real-time monitoring of exercise time, speed, and heart rate, easy to understand and easy to operate. The seat adopts a multi angle slope adjustment design suitable for elderly sitting posture, meeting various sports needs, with one pull and one twist, fast and convenient. Professional safety pedals, suitable for various shoe types, providing a more powerful and comfortable foot feel without damaging joints. Anti slip design makes sports safer.
