Product Description

Pilates Core Bed, IT Semi Elevated, Commercial Yoga Studio Fitness Equipment, Silent Aluminum Alloy Pilates

Pilates half height bed is a fitness equipment that combines the movements on Pilates pads, also known as Pilates core bed or semi elevated bed. It usually has the following characteristics:

Multifunctional: It can perform various Pilates exercises, including leg, hip, and trunk training.

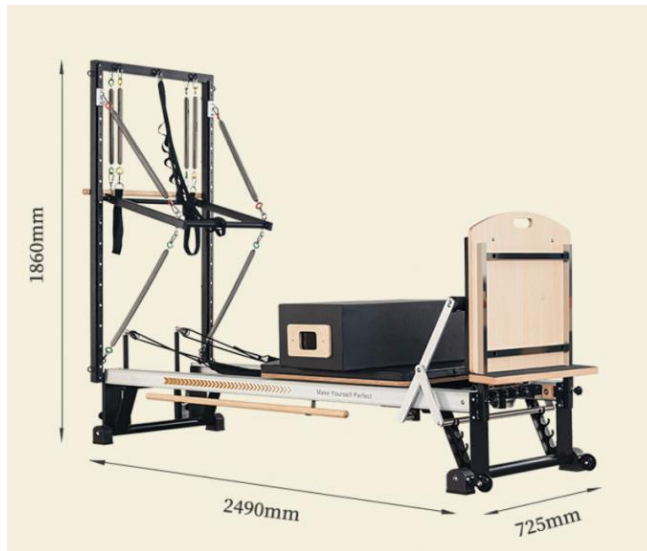

Adjustable: The height and angle of the bed can be adjusted according to individual needs to adapt to different exercise movements and difficulty levels.

Stability: The design is stable, providing sufficient support and balance to ensure the safety of practice.

Comfort: Equipped with comfortable mattresses and armrests, allowing practitioners to feel comfortable during exercise.
