Product Description

T7--Aerobic Equipment, Electric Treadmills, Commercial Treadmills, Custom Folding Treadmills, Silent Treadmills

The HOME key controls one key start stop, rotation speed regulation, HOME key adjusts the dial, press once to start/stop, left turn deceleration, right turn acceleration. Both the elderly and children at home can use it. Hydraulic slow down folding, although the block is large, it can be flexibly stored. Hydraulic gentle folding and easy movement of rollers. HIFI high fidelity Bluetooth speaker, digital surround sound technology, high pitched sharp bass shock, rich sound levels keep up with the rhythm of the music, and run smoothly. Fully automatic slope lift to meet running intensity requirements, 15 speed fully automatic running platform lifting motor, comparable to a mountain climbing machine, enhances training intensity and quickly releases energy. The 4.5HP variable frequency AC motor supports a speed range of 1-1.8km/h, making it easier to achieve high speed, large capacity, long service life, and low noise compared to ordinary household DC motors. The silent motor is equipped with a dual soundproof layer running belt, which strictly controls the source of noise with microporous high-density enclosed sound insulation technology. The noise during medium speed operation is less than 60 decibels.
