Product Description

Aerobic Equipment, Dynamic Bicycles, Household Exercise Bikes, Sports Bicycles, Cross-Border Exclusive Supply

Appearance design:

This dynamic bike features a fashionable and smooth line design, and the body is made of high-strength alloy material, which is sturdy, durable, and rust proof. Its exterior colors can be selected from classic black, vibrant red, etc., which can match various interior decoration styles.

Technical parameters:

Resistance adjustment: Adopting an advanced electromagnetic resistance adjustment system, it can provide multiple levels of resistance adjustment to meet the different needs of beginners to professional athletes.

Flywheel weight: Equipped with a weighted flywheel, ensuring stability and inertia during cycling, bringing a more realistic riding experience.

Seat and handle adjustment: The seat and handle can be adjusted in multiple dimensions to adapt to users of different heights and body types, ensuring a comfortable riding posture.

Measurement data: Equipped with a clear electronic display screen, it can display key data such as cycling speed, time, distance, and calorie consumption in real time, allowing you to keep track of your exercise situation at any time.

User experience:

Silent operation: Adopting high-quality transmission system and precise components, ensuring extremely low noise during cycling and not affecting others.

Strong stability: With a wide base and stable support structure, it can remain stable even during high-intensity cycling without shaking.

Comfortable seat cushion: Choose a high elasticity and breathable seat cushion, which can maintain comfort even after long-term cycling and reduce pressure on the buttocks.

Additional features:

Equipped with a kettle holder, it is convenient for you to replenish water at any time during exercise.
