Product Description

Superman competitive barbell pieces, combination barbell pieces, gym PU coated barbell pieces, Superman barbell pieces

Superman competitive rubber coated barbell pieces are a common fitness equipment, usually made of cast iron or pure steel inner core and outer rubber material wrapped. It has the following characteristics:

High safety: The adhesive material can reduce the collision sound between the barbell panel and the ground, and also prevent the barbell panel from scratching the floor.

Comfortable feel: The outer layer of rubber material provides a comfortable grip for the barbell piece and is not easy to slip off.

Strong durability: High quality glued barbell pieces are not easy to rust and have a long service life.

Affordable price: Compared to other materials of barbell pieces, the price of glued barbell pieces is more affordable.
